Minutes

1. Membership

Membership - priorities for 2023 - We currently have 201 members for 2022

1. Aim to keep our current members
2. Try to increase our membership numbers to 225. We will do this by:
 - a. Targeting casual players at the centre and encouraging them to join the club
 - b. Encourage all junior program players to become members of the club
 - c. Advertise to potential local markets - Murdoch University, who else?
 - d. Continue to develop specific programs to encourage more participation - Girls Program, Ladies morning, Free coaching

Discussion - what does increasing our membership mean for the centre, we have the courts at capacity on most tuesday pennant nights (13 teams), and our Thursday in-house is almost at capacity with 50+ people involved. This has an effect on court availability, waiting times (for Thursday), and any increase in membership adds to the pressure.

It was acknowledged that increased numbers do provide some challenges at some level, but also having fully booked courts is beneficial to the development of the sport. More members mean more revenue, and more 'influence' with grant applications, and it means that we can do more at the centre. More players in general should lead to more 'programs' being offered at the centre to accommodate. At the moment, apart from Tuesday and Thursday, the courts have plenty of capacity for more bookings, but we may need to look at option to manage growth.

1.1. Membership - Juniors

We currently have 50 junior members for 2022, with around 35 regular juniors attending the Monday afternoon junior program. Next year we are going to try and encourage all juniors who attend the program to join the club as a given, as this then links them more formally to the club for ongoing communication. Clare is currently developing flyers for our Junior Program for continued promotion via existing players and local schools.

WA Squash are developing a Junior Pathway, with clubs / centres being responsible for running open days, come and try days, junior programs, and also developing a development squad from this. Effectively for Blue Gum, this is the Thursday Junior session that commenced as an extra game play session for our stronger players.

The development squad players would be 'selected' from our junior program, and we would then be working with these players to continue to develop their skills with a view to representing the Southern Stars in the State Teams competition, and then ultimately vying for selection in the State team.

WA Squash will continue to run tournaments, clinics and development squads, and the high performance events. They will also provide the grass roots support via school programs, inflatable courts etc to encourage initial participation.

If we expand our Junior Program and options, then we are going to need more coaches. Club will support any person who is interested in attending a coaching course and helping out, so contact the committee if you are interested.

Potential Grants:

Community (federal) - Larger grant available to support front wall upgrade, waiting for further information from Sam Lim's office.

Facilities (state) - Twice a year to support the upgrading of playing surfaces, looking at this for a third of the front wall costs.

9. Facilities - improvements

The ongoing development of facilities is critical for the future of squash in WA, and as the largest 'users' of the centre, the club is committed to the continual development of our centre for the benefit of members, all squash players, and the wider community. The current focus of the club is to work towards a permanent solution for the front walls in conjunction with other key stakeholders. This and other items are listed below.

Option 1 - Front Walls - aim to upgrade to glass

- CourtTech Australia currently supply and install glass front walls over old plaster walls, the cost per court is \$23,000
- COURTDsgns HALF SYSTEM Renovation is a permanent solution to reoccurring front

wall and side wall problems. COURTDsgns offers renovations for plaster courts and panel courts. *5 year guarantee *Low maintenance, same surface at the professionals *Height adjustable tins. After installation of the 40mm thick COURTDsgns Half System Wall on existing plaster walls, the court dimensions still comply with WSF guidelines

- <http://fitzsquash.com/index.php/courttech1/squash-courts/renovations/>
- 8 courts = \$184,000, DLGSC Funding \$61,000, Balance \$123,000
- 4 courts = \$92,000, DLGSC Funding \$31,000, Balance \$61,000

Option 2 - Front Walls - quote from Lenzo Plasterers

- Initial quote to patch the walls, render, and paint - \$8,800 per court = \$71,000
- Next quote - replace full walls (club remove) - \$16,000 per court = \$128,000
- Next quote - replace full walls (they remove) - \$18,000 per court = \$144,000

Option 3 - Front Walls - quote from Adept Building / Mike Millington

- Initial 'quote' was around \$10,000 per court = \$80,000, using club labour to remove old walls
- Looking at splitting into three sections - 1-2, 3-5, 6-8 - as will need to block off to avoid dust going through the centre
- Mike & Rob to develop a 'spec' for the plaster, court plaster is available from the UK, Mike's plasterer to give a more detailed costing
- Need to have a formal quote provided by the end of November

Meeting held (23rd March) with Bill Thomas (BGPTC) & Kane Fasolo. Bill is on the board's capital expenditure committee and was seeking input into the needs of the squash centre. Following is a summary of the discussion:

- Facilities funding is available via DLGSC twice a year, maximum of 30% of total project
- Tennis club access this funding, so looking at what projects to prioritise in the next couple of years
- Front walls were discussed, reason for needing repair, what done in the past, why glass not replaster, costs involved
- City of Melville unlikely to contribute, have not provided any funding to Tennis club for any improvements to date, only loans
- If the club could raise funds to fix one court, that would be seen as favourable. We will look at options to raise funds.
- Will need funding from club, Tennis, Local and/or Federal Government, and possibly private funding to get this project completed
- Look at starting with most damaged courts, and/or doing the upgrades over a few years
- Steven to contact DLGSC to discuss our project, and provide details to Bill

Steven spoke with DLGSC, Mark Toomath (9492-9870), he advised the following:

- Project to upgrade the front walls to glass was within the funding scope
- Need to ensure Tennis Club is on board (as lease holder), letter to that effect or joint application
- Need to contact City of Melville, get their approval to support the work, discuss their priorities, as likely to have several applications at each local Government
- Maximum funding is 30%, so need to have remaining funds allocated to the project, and clearly documented

- Need to talk to WA Squash to ensure this project is on their priority list as well
- Next funding round is in July/Aug, funds need to be spent by 15th June 2023
- Application should highlight the benefits of the upgrade, to community, players, in terms of reduce maintenance costs etc

Further follow up with clubs in Victoria, and Squash Australia has occurred. Professional opinion has been sought on the best avenue to take for 'fixing' the front walls. Further discussion to be held on this issue.

Louis has made contact with Ben Morton's office to seek support for this project and we are in the process of trying to secure funding via an election commitment, or a future grant round. Further clarity on this will be available following the federal election in May.

21/5/2022 - Following the Liberal loss and Ben Morton losing his seat, our funding for this project has now gone, and we need to start again.

4/8/2022 - Frank has organised a quote from a plasterer as part of our ongoing discussion to fix the walls. Details to be provided in the next week. The issue of the leaking roof is still to be resolved.

6/8/22 - met Ole from Tennis Club, he advised that the council had repaired the roof, and the leak over court 7 should now be resolved. He was checking to see if any further rain had entered, advised that we would monitor this.

12/9/22 - Kane advised that the City of Melville has inspected the roof and have declared that all the leaks have been fixed, and that the downpipes are sufficient for drainage from the roof. Kane will get this in writing so that we have some comeback in the event of any future work being affected by water damage.

12/9/22 - Mike to put together a detailed quote to replace the front wall plaster with a specification plan that will ensure the correct materials are used now and in the future. Club to seek funding via Federal MP, State Grant, and Tennis Club.

14/1/22 - Further quote from Lenzo Plasterers received to replace the whole front walls, rather than patching

17/11/22 - No further action, waiting for quote from Mike Millington (expected by 30th Nov)

Floors - approval has been provided by the City of Melville to sand the floors, as per an agreement following the roof leaks. Kane is following this up. These have been scheduled for August 2022.

November 2022 - sanding of the floors completed

Air Conditioning - Kane put this onto the agenda for the capital expenditure committee. Plan is to place two units at either end of the 'clubroom' area to create a flow into the central space. Options and costs are being explored.

Air flow / Fans - The club is looking to replace the downstairs door (by the fountain) with a dual door (\$650) that can open and provide a screen door to allow air flow. Kane has installed one fan in the downstairs area to increase air flow.

November 2022 - Two fans installed by Kane. Replacement door has arrived and will be installed in the near future.
