3. Membership

Membership - priorities for 2023 - We finished with 209 members for 2022

1. Aim to keep our current members (199 have renewed / joined for 2023 so far)

2. Try to increase our membership numbers to 225. We will do this by:

a. Targeting casual players at the centre and encouraging them to join the club

b. Encourage all junior program players to become members of the club

c. Advertise to potential local markets - Murdoch University, who else?

d. Continue to develop specific programs to encourage more participation - Girls Program, Ladies morning, Free coaching

3.1. Membership - Juniors

We had 50 junior members for 2022.

The junior program has commenced with an average of 28 kids per week for the term. There have been 5 new kids in this group so far, so it is looking like we are going to have a similar number for this year.

We've gained Tom Jacobs and a couple of parents to help out on Mondays, which has been great.

Mike is running the Thursday afternoon session (4.00-5.00pm) which is a gameplay session. We are exploring how we can create a club development squad in line with Squash WA guidelines, but may look at sharing this with another club, such as Belmont. We are going to trial running a development squad on Monday afternoons in tandem with the junior program during Term 4.

If we expand our Junior Program and options, then we are going to need more coaches. Club will support any person who is interested in attending a coaching course and helping out, so contact the committee if you are interested.

Had to replace the Water Cooler so these funds will be allocated to this.

For 2023 this grant can now be for up to 50% of the cost of the project. Application made via the Tennis Club for \$110,000.

August 2022 - Volunteer grant - new round coming up - new fridge, tables, benches, bag storage - application made for \$5000 (Aug 23)

Potential Grants:

Community (federal) - Louis will contact Sam Lim's office to try and 'find' some funding for the club. Sam Lim's office contacted to arrange a meeting to discuss the following:

- Infrastructure Grant - paint walls, bathroom facilities, air con - discussion with Sam Lim 22/8, letter detailing our needs has been provided, waiting to hear back from his office.

11. Facilities - improvements

The ongoing development of facilities is critical for the future of squash in WA, and as the largest 'users' of the centre, the club is committed to the continual development of our centre for the benefit of members, all squash players, and the wider community. The current focus of the club is to work towards a permanent solution for the front walls in conjunction with other key stakeholders. This and other items are listed below.

Option 1 - Front Walls - aim to upgrade to glass

- CourtTech Australia currently supply and install glass front walls over old plaster walls, the cost per court is \$23,000 +GST
- COURTDsgns HALF SYSTEM Renovation is a permanent solution to reoccurring front wall and side wall problems. COURTDsgns offers renovations for plaster courts and panel courts. *5 year guarantee *Low maintenance, same surface at the professionals *Height adjustable tins. After installation of the 40mm thick COURTDsgns Half System Wall on existing plaster walls, the court dimensions still comply with WSF guidelines

- <http://fitzsquash.com/index.php/courttech1/squash-courts/renovations/>
- 8 courts = \$203,000, DLGSC Funding \$67,500, Balance \$135,500

Option 2 - Front Walls - quote from Lenzo Plasterers

- Initial quote to patch the walls, render, and paint - \$10,000 per court = \$80,000
- Next quote - replace full walls (club remove) - \$18,000 per court = \$144,000
- Next quote - replace full walls (they remove) - \$20,000 per court = \$160,000

Option 3 - Front Walls - quote from Adept Building / Mike Millington

- Initial 'quote' was around \$10,000 per court = \$80,000, using club labour to remove old walls
- Looking at splitting into three sections - 1-2, 3-5, 6-8 - as will need to block off to avoid dust going through the centre
- Mike & Rob to develop a 'spec' for the plaster, court plaster is available from the UK, Mike's plasterer to give a more detailed costing
- NB - This is no longer an option, as Mike unable to commit to the work in the timeframes required

Meeting held (23rd March) with Bill Thomas (BGPTC) & Kane Fasolo. Bill is on the board's capital expenditure committee and was seeking input into the needs of the squash centre. Following is a summary of the discussion:

- Facilities funding is available via DLGSC twice a year, maximum of 30% of total project
- Tennis club access this funding, so looking at what projects to prioritise in the next couple of years
- Front walls were discussed, reason for needing repair, what done in the past, why glass not replaster, costs involved
- City of Melville unlikely to contribute, have not provided any funding to Tennis club for any improvements to date, only loans
- If the club could raise funds to fix one court, that would be seen as favourable. We will look at options to raise funds.
- Will need funding from club, Tennis, Local and/or Federal Government, and possibly private funding to get this project completed
- Look at starting with most damaged courts, and/or doing the upgrades over a few years
- Steven to contact DLGSC to discuss our project, and provide details to Bill

Steven spoke with DLGSC, Mark Toomath (9492-9870), he advised the following:

- Project to upgrade the front walls to glass was within the funding scope
- Need to ensure Tennis Club is on board (as lease holder), letter to that effect or joint application
- Need to contact City of Melville, get their approval to support the work, discuss their priorities, as likely to have several applications at each local Government
- Maximum funding is 30%, so need to have remaining funds allocated to the project, and clearly documented
- Need to talk to WA Squash to ensure this project is on their priority list as well
- Next funding round is in July/Aug, funds need to be spent by 15th June 2023
- Application should highlight the benefits of the upgrade, to community, players, in terms of reduce maintenance costs etc

Further follow up with clubs in Victoria, and Squash Australia has occurred. Professional opinion has been sought on the best avenue to take for 'fixing' the front walls. Further discussion to be held on this issue.

Louis has made contact with Ben Morton's office to seek support for this project and we are in the process of trying to secure funding via an election commitment, or a future grant round. Further clarity on this will be available following the federal election in May.

21/5/2022 - Following the Liberal loss and Ben Morton losing his seat, our funding for this project has now gone, and we need to start again.

4/8/2022 - Frank has organised a quote from a plasterer as part of our ongoing discussion to fix the walls. Details to be provided in the next week. The issue of the leaking roof is still to be resolved.

6/8/22 - met Ole from Tennis Club, he advised that the council had repaired the roof, and the leak over court 7 should now be resolved. He was checking to see if any further rain had entered, advised that we would monitor this.

12/9/22 - Kane advised that the City of Melville has inspected the roof and have declared that all the leaks have been fixed, and that the downpipes are sufficient for drainage from the roof. Kane will get this in writing so that we have some comeback in the event of any future work being affected by water damage.

12/9/22 - Mike to put together a detailed quote to replace the front wall plaster with a specification plan that will ensure the correct materials are used now and in the future. Club to seek funding via Federal MP, State Grant, and Tennis Club.

14/1/22 - Further quote from Lenzo Plasterers received to replace the whole front walls, rather than patching

17/11/22 - No further action, waiting for quote from Mike Millington (expected by 30th Nov)

19/1/23 - Mike advised that he is waiting for costs of plaster from UK, expects quote to be around \$10,000 per court.

16/2/23 - Steven to follow up with Mike to get a firm quote and timeframes for the work.

16/3/23 - Mike unlikely to be able to do the work, so will proceed with the quotes that we have in place.

19/4/23 - Proposal presented to the Tennis club to upgrade with glass, as the most cost effective option. Courtech are able to complete the work in the timeframes required. Met with Bill (Tennis) and he advised they are supportive of the proposal. Current funding arrangements would be State Govt (third), Tennis (third), and we will speak with Federal member to explore funding options with them. Club can now commence negotiations and start active fundraising with goal in mind.

18/5/23 - Campaign to raise funds for the walls has commenced with \$3000+ raised in the first week, and a further pledge of \$5000 made once we secure grant funding for the project. We are running the campaign for 3 months which will tie in with the grant application process. Grant process opens in June, can now apply for up to 50% of the cost, which is a significant boost to the project. Timelines for the grant application are yet to be released, based on 2022 we should know by November if we have the money.

20/7/23 - Grant application has been made, goes to DLGSC next, then onto peak bodies. We should be the only squash application in this round. Decision expected around November. Working with Bill (tennis) to see if we need building approval, but this won't impact application process.

Air Conditioning - Kane put this onto the agenda for the capital expenditure committee. Plan is to place two units at either end of the 'clubroom' area to create a flow into the central space. Options and costs are being explored. Grant application made to try and kick start this project.

Air flow - The club is looking to replace the downstairs door (by the fountain) with a dual door (\$650) that can open and provide a screen door to allow air flow. Replacement door has arrived and will be installed in the near future.

Working bee - Sunday 27th Aug (lunchtime), put up the new TV, move the existing TV, put up the new honour board, put up wood for shield.

Some brands on the app - BWS, Puma, Bonds, Subway, The North Face, Gazman, Lenovo, Foot Locker, Specsavers, Bed Bath n Table.

It's easy to use, and as an example a purchase of two shirts via Gazman results in \$5 for the club. If you are going to spend the money anyway, it is a useful way of also supporting the club. Further details will be emailed out to members shortly.

Container for Change - This scheme, recycling eligible containers for 10c refund, is one of our best fundraising avenues. We are currently generating around \$25 per week through the bins at the centre, and this funds our junior program entirely. You can support this scheme by putting your containers into the bins provided at the centre (caps removed), or donating your containers to the club when you take them to the refund point (just quote our scheme number - C10309447)

Entertainment Books - we have been doing this for a few years now, but now it is all electronic books. You can purchase your entertainment book memberships via this link – <https://www.entertainment.com.au/orderbooks/83556g> – \$14 from every book sold goes to the club. Books can be purchased any time and are valid for a year from date of activation.

Australian Sports Foundation (ASF) – This organisation allows people to make a Tax deductible donation to sporting clubs. We have two projects listed on the website

- Junior Program equipment - these funds are used to buy equipment for our Junior Program as required
- Refurbishment of Front Walls - these funds are solely for updating our front walls

Tax deductible donations can be made via the ASF website: [ASF WEBSITE](#)

Donations - Any person, or business, can donate directly to the club via cash, or bank transfer. If you would like to make a donation to the club for any of our projects please contact any committee member.

End of minutes.
